STORY OF

TEE JAYS are producing everyday essentials for the B2B industry. But it's more than just clothing. It's the story about friendship, craftsmanship, and true passion.

It all started in 1976 in Florida, Alabama when Terry Wylie had a vision of producing the best T-shirt on the market. A vision that led to remarkable results before Terry retired in 2002. That was where Georg and Peter Høfler acquired the rights to TEE JAYS following many years of friendship and collaboration with Terry. The acquaintance arose at a tradeshow with the comment: "I love the smell of your pipe". A pipe and a shared passion which today has led to a TEE JAYS in a rapid development – but driven by the same core values; quality, fitting, and simple design.

The cornerstones of TEE JAYS are still quality and design – and our designers and technicians continuously develop the design and quality of the fabrics. The result is one of Europe's most unique basic collections. A collection with the best combination of quality and price.

1976

TEE JAYS was founded in 1976 by Terry and Jim in Alabama. The adventure began in a garage with 25 old sewing machines, local fabric, and lots of passion. 20 years later TEE JAYS had 20 shipping and production plants in the Alabama area.

BEHIND THE SCENES

At TEE JAYS, our passion is to make great garments. But we also love to challenge ourselves to make the best catalogue – each year. And that's a challenge!

This year, we wrapped up our annual photoshoot in late May, which took place in the stunning locations of Skagen and Aalborg. Skagen was the primary focus, showcasing our new label free Collection. We incorporated a vintage van, faced wild weather conditions, and even contended with a swarm of mosquitoes!

A huge thank you to our incredible models and team! Thanks to Patrick, Tia, Fabienne, and Tobias, our hardworking models. Thanks to our inhouse team, Stine, Sisse, Emilie, Bettina and Ditte. And last but not least, thanks to our creative stylist Pernille, brilliant photographer Jacob and his co-pilot Thomas.

Your hard work and dedication made this shoot a success!
